# MESSAGE FROM THE PRINCIPAL

## *TENA KOUTOU KATOA*

*I believe Otumoetai College can be justifiably proud of its sporting history and its achievements. I have stated on many occasions that this school places a strong emphasis on dedication and commitment to sport and encouragement through an extensive range in sports being offered.*

*This all helps create the school's sense of pride and allows traditions to be passed on from generation to generation of students.*

*For many, sport is the ultimate physical challenge. It gives us a chance to explore our potential and test our endurance. But there is more to sport than mere physical prowess. It is an inherently emotional experience. The thrill of victory, the agony of defeat, the frustration of failure and the satisfaction of success are an integral part of it. That is what makes the psychological aspect of sport so interesting and important for those involved. It is mental discipline that helps us to stick to gruelling training schedules, and willpower that keeps us going when the going gets tough. This 'mental toughness' gives an edge in competition and helps us to reach new peaks of excellence.*

*Remember, through sport we learn to enjoy success, accept disappointment, set goals, be part of a team, have honour, commitment and strive to be the best.*

*My thanks to all the staff and parents who coach and manage our teams.*

*Also to the parents who are their youngsters strongest supporters – well done. Thanks to all the members of the Schools Sports Foundation, especially to Jenny, Paul, Christine and Debbie.*

*To our young people, I wish you all the very best and may you continue to have success in your life.*

*DG Randell  
Principal*
