Hockey:

Our girls' 1st and 2nd XI teams played against Cranbrook School from England last week. The England girls are in the start of their pre-season so were slightly rusty. It was an incredibly close game with the England goalie by far the best player in their team and kept them in the fight. The girls won 2-0 and learnt a valuable lesson about needing to have urgency, because although the England team was not that strong skills wise they were extremely hard working. The 2nd XI girls had a good game against Cranbrook's second team drawing the game 0-0. Both teams had a heap of opportunities but did not manage to capitalize. Our 1st XI girls then played against Bethlehem College in the Midlands round that night taking a 2-1 victory.

Rugby:

The u14 boys played against Ruatoki last weekend at home, the boys had travelled to Ruatoki the week prior to the holidays and lost by quite a large margin. The boys took it to them playing on their home turf to turn the score around completely and win 31-15. Outstanding games from Beau Joss, Shayne Walker and Ashley Smith.

Football:

Our first XI football girls have made the school and themselves extremely proud after last week taking a victory from their game against Tauranga Girls College winning 2-1. Our 1st XI girls have not beating Tauranga Girls in at least 10 years so this was an awesome outcome for them. They have had an outstanding season and we look forward to their progress into their national tournament in September.
