Tennis:

Last Friday the Bay of Plenty Secondary Schools junior Tennis championship was held over at the Papamoa Tennis Club. We have four students compete in the event and all do extremely well. Year nine student Macy Donaghy was the stand out for Otumoetai College during the day making the final of division one. She has an awesome game but didn't quite manage to take the win, finishing 2nd in the junior girls. Joseph Jobe also had a good day, making the semifinal of the division one junior boys, also year nine, but couldn't quite make the final finishing 4th overall. It was a stunning day and all of the athletes competed extremely well.

Volleyball:

The Bay of Plenty Secondary Schools Junior Volleyball Championship, round one, was held over last weekend at TrustPower Arena, Mountmaunganui. After the preliminary rounds the weekend before we had our junior A and B girls teams in the top 12 and the year nine girls in the next group. In the boys our junior A boys are in the top 10 and the year nine boys in the round below. It was awesome to see all five teams play some outstanding Volleyball over the weekend with the highlight being the close game between our junior A and B girls who have been training as a big squad in their separate teams for a decent part of the year. Our junior A boys had an awesome weekend winning all four games. All of our team head into finals weekend next weekend in great positions to get the best placing they can.
