1) Why did you choose New Zealand to study?

Because it is a different culture to my own, and NZ is beautiful and safe in all aspects.

2) What is the best thing about studying at Otumoetai College?

The friendly atmosphere and people. We get to go on nice trips with the intention of hanging out with Kiwis. Another good thing is the infrastructure which gives us many choices of sports, and activities with the Maori people.

3) What do you enjoy most about being in New Zealand?

The freedom and safety you have here.

4) Do you enjoy living with a New Zealand homestay family?

It's a nice experience, but one with different habits and culture.

5) What would you say to a student from your country considering coming to New Zealand to study?

Just come and enjoy, I'm sure you'll like it.

6) What are your career aspirations?

I haven't decided but my experience at Otumoetai College is helping with this.

7) What do you plan to do after your New Zealand education is completed?

Finish schooling in Brazil, then apply for a university outside my country.
