

Wednesday 29th April

Hockey:

Our 1st XI girls started off the season with a 4-0 win against Aquinas College. The girls had a slow start to the game, but after some stern words at half time the girls managed to play some classy hockey.

The 2nd XI girls also started off the season well playing an outstanding game to draw against Bethlehem College.

Our junior girls were still in a selection process and went down in their game but we look forward to seeing them at full strength and the competition they bring to their grade.

Our 2nd XI Boys started the season with a very convincing 1-0 won over Katikati College 1st XI. For a very young team they showed great determination and conviction, holding off a much bigger team and denying them any goals.

Basketball:

The Junior Girls basketball team played Matamata in their first game last week. The girls played an incredible game winning 97 – 11. The girls played well as a team and are looking extremely good for the first game of the season.

The junior boys played against Bethlehem College and also came away from the first game of the season with a very pleasing result, winning by 40 points. This is an awesome start to the season for our junior teams and we look forward to their results this season.

Swimming:

The Bay of Plenty Swimming Championships was held in Whakatane last Friday. This year we had 18 students competing at the event. The students were an absolute pleasure to take over to Whakatane and fascinating to watch in the water. We dominated in many of the races, some in which we got at least two top finishes. We are extremely proud of how these students went, who all swum their way to being the top overall school in the Bay of Plenty winning the overall trophy.

Junior Girls:

Grace Blissett – 2nd 50m Breaststroke

Intermediate Girls:
