#### Mountain Biking:

The Oceania Mountain Biking championship was held in Dunedin last weekend with many top riders from around the country competing. Troy Herdman and Luke Kivell travelled down to represent the Tauranga Club. The boys both competed extremely well in the u17 race with Troy finishing 5<sup>th</sup> and Luke finishing 9<sup>th</sup>. These boys are top mountain bikers and compete in many events throughout the year. Good luck to you both for your upcoming secondary schools events.

#### Volleyball:

Over the weekend the Bay of Plenty Secondary Schools championship started over at ASB Arena. This year we have five girl's teams and two boy's teams in the competition. All teams played extremely well over the weekend and it was awesome to see the skills focused on at trainings taken onto the court and played. The girl's teams had a mixed bag of results with some awesome wins and some very close losses from all teams. The senior A girls went through the weekend looking very clinical on court and taking out all four of their games. The boys had some very close games, one of the Senior A boys sets against Mount College went to 30-32 so it goes to show how close the boys competition is this season. Good luck to all the teams for this weekend.
