Own Work / Plagiarism (copying)

When doing research, if students copy whole sentences or paragraphs, they must put it in quotation marks and write the title and author's name in a bibliography or reference list. They are allowed to copy ideas and information if they put those ideas into more simple words.

If students copy work and do not state where the information came from, the teacher can make the student do the work again, or give no marks for it.

Appeals

If a student is not happy with a grade for assessed work, he or she should talk to the teacher about it. If he or she is still not satisfied, the student should see the Director of International or the school Deputy Principal responsible for Assessment and Curriculum.

Marking and Moderation

Student work will be marked using guidelines from the Ministry of Education or NCEA guidelines from the NZQA (the New Zealand Qualifications Authority who are responsible for all high school, polytechnic and university qualifications in New Zealand).

Storage of Student Work

Student work for NCEA (National Certificate of Educational Achievement) must be kept in a locked cupboard at school. Exam papers will also be stored at school.
