Nationality: Japanese

Studying: Level 2 Hospitality, International English for Oral Communication, Art Exploration & International English for University Entrance.
Level 3 Biology.

Goal: To improve my English

1) Why did you choose New Zealand to study?

It is safe and beautiful here, my host mother is friends with my mother and my sister who has stayed in New Zealand recommended it to me.

New Zealand people are all kind and try to help us improve our English.

2) What is the best thing about studying at Otumoetai College?

The different subjects such as Hospitality. Also the classes only have a few students so I could make friends easily. Teachers and students are all kind and I had many opportunities to practice and improve my English with friends.

3) What do you enjoy most about being in New Zealand?

I did the Papamoa Hills night walk with my host family to help raise money for people who have breast cancer. I could take in the beautiful night view especially the stars like the Southern Cross. We also saw bright glowworms.

4) Do you enjoy living with a New Zealand homestay family?

I enjoyed it very much!! They are kind and funny. We did things together like going to the movies and visiting the Coromandel Peninsular and some national parks. We talked every night and they taught me a lot of things about New Zealand.

5) What would you say to a student from your country considering coming to New Zealand to study?

The homestay was a good experience for me. I could meet many people, learn many new things and grow up. I will recommend students to come to New Zealand.

6) What are your career aspirations?

I would like to be a Doctor

7) What do you plan to do after your New Zealand education is completed?

I will study Medicine in a University in Japan.
