1) Why did you choose New Zealand to study?

My mother chose New Zealand for me because it is well known in Thailand. It is a fact that we can finish Year 12 in New Zealand and that will give us University Entrance in Thailand.

2) What is the best thing about studying at Otumoetai College?

I can pick my own subjects. The teachers are kind and everybody is good at helping us.

3) What do you enjoy most about being in New Zealand?

I enjoy the different climate and all the natural green. The water is very clean and there is plenty of fresh fish to eat. The night sky is beautiful and it is wonderful to see all the stars.

4) Do you enjoy living with a New Zealand homestay family?

It really is good living with a New Zealand family and doing things together. They have taken me fishing and up the Skyline Rotorua and to Hamilton & Taupo.

My homestay Mum is very kind and we always eat our evening meal together.

5) What would you say to a student from your country considering coming to New Zealand to study?

You should come because it is a beautiful country and very safe. It is a great experience so you must come and try.

6) What are your career aspirations?

I want to study Design and I want to be really good at it so that I have a good future with a good job and earn a good salary.

7) What do you plan to do after your New Zealand education is completed?

I will go to University to further my education. I will do this in either Thailand or Auckland and my family will help me make that decision.
